

Simple Coffee Recipe #1

1. Boil water.
2. Set up the filter cone using the dripper and coffee mug.
3. Prepare the filter using the paper filter, folding it twice before adding it to the filter cone.
4. Add the ground up coffee beans to the filter.
5. Pour in the water once boiled over the grounds. Make sure the coffee blooms before pouring all of the water in. Pour slowly.

Simple Coffee Recipe #2

1. Measure and boil 12 ounces of water.
2. Prepare the filter cone and paper.
3. Prepare coffee beans.
4. Pour in water.
5. Discard waste and remove the filter cone.
